

# PROTEST !

AGAINST THE NEW BRITISH RADIO STATION

AT CHATTENDEN near ROCHESTER

JAMMING RADIO NORDSEE INTERNATIONAL.

JAMMING-----

is a practice which until now was almost exclusive to COMMUNIST and TOTALITARIAN regimes, who do not want their people to listen to "PROPAGANDA" from the Free World.

Radio Nordsee broadcasts only POP MUSIC !

WHAT HAS HAPPENED TO THE BRITISH GOVERNMENT ?

Here are the facts!

The BRITISH GOVERNMENT has ordered this jamming at the request of Czechoslovakia, a COMMUNIST country.

According to the BRITISH GOVERNMENT, this Communist country seems to have experienced interference from Radio Nordsee, but NO OFFICIAL DOCUMENT has been published to prove this.

FOR MANY YEARS CZECHOSLOVAKIA HAS DELIBERATELY BEEN JAMMING OFFICIAL B.B.C. OVERSEAS PROGRAMMES IN SPITE OF BRITISH PROTESTS.

YET at Czechoslovakia's request, we immediately AGREE to jam Radio Nordsee, a foreign station outside British Territorial waters.

REMEMBER YOU, THE TAXPAYER ARE PAYING for the cost of this jamming, which is not only depriving you of an alternative programme (R.N.I.), but is also seriously interfering with your listening to CONTINENTAL STATIONS and to B.B.C. RADIO ONE in a 30 MILE BELT centering on Rochester. Of course you are already paying for Radio One out of your licence fee. Now you are paying again for the Interference !

NEED WE SAY ANY MORE ?

The Campaign for Independent Broadcasting is a listeners' organisation financed by members' subscription. We owe no allegiance to any political party. We believe that it is basically wrong for a monopoly to exist in radio broadcasting. The public must have the right of choice of individual stations. This is an accepted fact in the field of newspapers and television.

We are advocating the introduction of legal land-based independent regional commercial and non-commercial radio, to provide choice for listeners at no extra cost and scope for broadcasting staffs at present restricted to a monopoly employer.
